

20 Top Tips for Supervisors and Counsellors DVD

Twenty key points to help employers, supervisors and counsellors manage the APC.

The DVD contains all the latest information about the APC process and is for employers, supervisors and counsellors who would like to gain a better understanding of the process, or are unsure of what is expected of them in supporting their candidates, or are uncertain how to determine when a candidate is competent, or may not have been through the APC process themselves.

"I thought the DVD was incredibly useful and positive and I would recommend it to all Supervisors and Counsellors. It gives a fantastic oversight into what the role of a Supervisor and Counsellor is about.

The DVD gives Supervisors and Counsellors a very good and important heads up as to what lies ahead. From my experience to date, a vast majority of Supervisors and Counsellors do not fully understand what the APC process is about and only agree to become involved because it's simply a case of putting a name on a piece of paper."

Paul Smith, Mouchel

The DVD comes with a copy of the Timeline Wallchart and covers: Key tips and guidance on fundamental elements of the supervisor and counsellor role throughout the APC process, the latest updates and an explanation of the new RICS final assessment templates, how to test and assess a candidate's competency, Overview of the final assessment and rules of conduct, Key information about the ongoing support and resources for supervisors and counsellors

Running time approximately 70 minutes.
